

Here are the results of our survey where asked 24 students questions about the future :

← What do they do after school ?

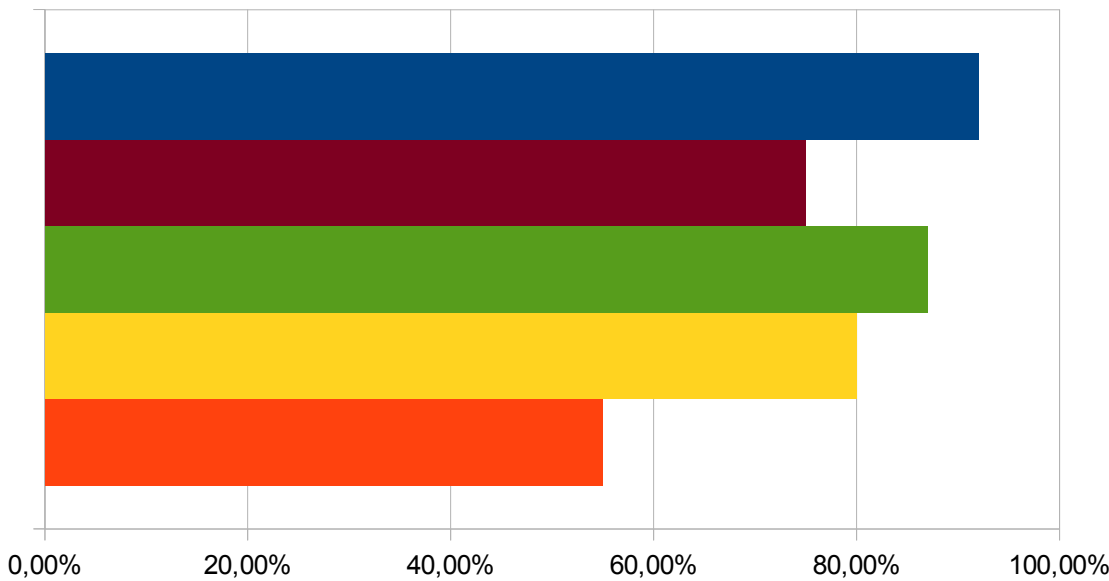

- High school 62,5% want to go to high school
- Professional college 7,5% want to go to professional college
- CFA or not at all 30% want to go to CFA or not study at all

How many want to go to university ?

A little less than half (46%) want to study at university, 54% don't want to.

What do they have and what do they want to be ?

- 92% want to have a car
- 75% want to be married
- 87% want to have children
- 80% want to have a good salary
- 55% want to have pets
It's not much.
It's nice to have animals

All students want to be happy and have a good health throughout their lives.

They want :	To be rich	To be famous	To be owner
	88,00%	85,00%	87,50%

5 in 8 students (62,5%) in the class are stressed by the exams at the end of the year, this is too much for me.

A third of students have a passion they love. It's good !

A little more than half (55%) dream of traveling around the world.
